

Mergers and Acquisitions

At Mansour Gavin, we help businesses of all sizes and types address legal issues and develop winning strategies. Our M&A attorneys can help your business understand what will need to be addressed when completing a merger or acquisition and anticipate issues that may arise after closing such as managing liability and developing business succession plans.

Our business and corporate attorneys represent buyers, sellers, private equity firms, public and private companies, boards of directors, and other financial entities at all phases of a transaction to help them structure, negotiate, and close their deals. We handle all aspects of mergers and acquisitions including conducting due diligence, drafting and negotiating complicated asset and equity purchase agreements, as well as various ancillary agreements.

Our multidisciplinary team includes intellectual property, tax, employment, healthcare and real estate attorneys which allows us to work as an integrated team to provide quality legal services in various industries such as chemical, manufacturing, marijuana, manufactured homes, and healthcare. Our attorneys are efficient and results-oriented, dedicated to achieving the best result for our clients.
